Collection & Non Standard Shipping

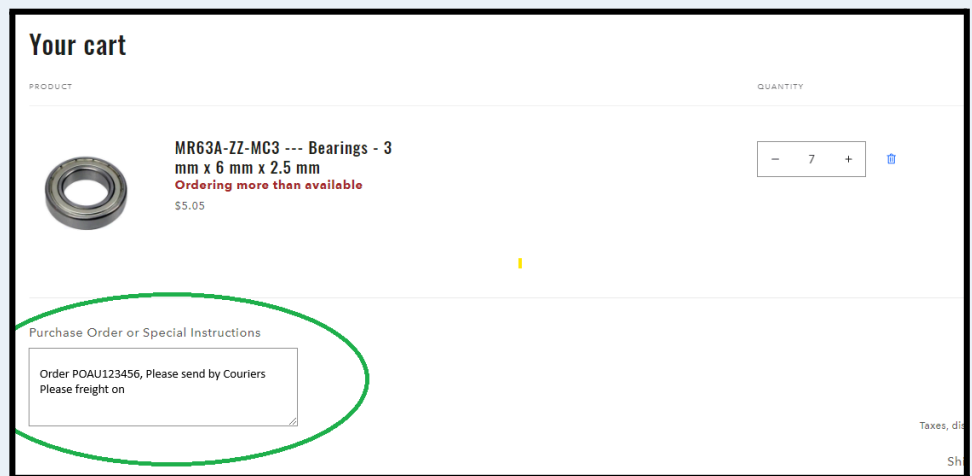

Collect Orders

If you usually collect your order from our store, we can set your account to use standard checkout, where you can select to collect or a standard delivery option. You will also need to select the payment option **“Bank Deposit / Pro-Forma Invoice / Account”**. You will not be eligible for our free freight offers.

If you don't usually collect, but you would like to on an ad-hoc basis, please use the details shown below for non-standard shipping.

Non-Standard Shipping

Our wholesale system is set up to quickly process wholesale orders with free shipping if the order meets the value threshold, or with shipping and insurance added. If you want to use a non-standard shipping option, please include the details in the **“Purchase Order or Special Instructions”**

section of your cart and the shipping fee will be waived. You may need to organise the freight booking.
