Cross Reference

The MBA Part Numbers in this cross reference are determined to be equivalent or similar to products offered by manufacturers and suppliers who use the part number shown in the "Other Part Number" column. Please ensure the product offered meets your needs before ordering. You can check the full details, dimensions and description of the product we offer on our website, or by requesting a datasheet.

Copy our part number from this catalogue into the search box on any web page for delivery, stock levels and pricing.

Important Notes

The information in this cross reference is provided as a guide only. All information provided should be double checked prior to ordering.

Barden part numbers often have additional prefixes or suffixes which may indicate important variations to the bearing including, but not limited to, precision grade, lubricant type and non standard clearance.

All additional part numbering information should be taken into consideration before deciding on a suitable replacement. If you are unsure, please email sales@minibearings.com.au for assistance.

Additional information on prefixes and suffixes is available from:-
